Notable features:

These houses are all replacements, after 1868, for earlier building, most of which had shed roofs. The first generation of building here did not occur until after 1851, the second about 1870.

A well-kept row, conveying a feeling of righteous rectitude and pride in property. Numbers 13 and 17 may be slightly earlier than the others. Numbers 21 and 23 are formstoned. Numbers 9, 11 and 15 retain their 6/6 windows.

Environmental context:

Wide, two-way street; nice start on street trees but could use a few more of equal size. Convenient area to Baltimore Street commercial.
